

Barbich Hooper King Dill Hoffman Accountancy Corp.

For more than 30 years, Barbich Hooper King Dill Hoffman Accountancy Corporation has been calculating ways to provide high quality service that give their clients financial peace of mind. Since 1972, the firm has continuously evolved in response to new economic and technological opportunities.

Beginning as Moore Abbott & Barbich, the company name, alone, is a testament to the adaptation they have experienced over time. From mergers with other firms outside of Bakersfield to acquiring new partners and employees, they have streamlined their business to meet the needs of their diverse clientele, both domestic and international.

Contributing to the economic and personal well-being of their personnel and clients by providing state-of-the-art, quality, and trusted professional service.

The biggest changes have come from advancements in technology, enabling staff to work remotely while out at their clients' offices, remaining connected to their network and all the while maintaining client confidentiality and privacy. Movement to a paperless work environment and the ability to service clients, regardless of their location, has definitely made business much easier for all parties involved!

With so much to be proud of, the Firm is moved the most

by their loyal clients and employees. They have 12 employees who have been with them for over 15 years, and five employees who have been a part of the team for 25 years or more! With five total partners and 39 present employees, they average 12 years per employee. This could be due to their overall dedication to their staff and the fact that they foster a friendly work environment. The Firm's Core Values include sup-

porting a "one firm philosophy" where the Firm is the primary focus, they have a philosophy of trust in their personnel, they encourage their personnel to continue their education, and there is a strong commitment to the community as noted below. The Firm's dedication to the highest level of personal service is "the" cornerstone in the Firm's statement of philosophy.

The partners and firm are

also very much involved in community service, too! They have served on a myriad of boards and support nonprofits, such as CSUB,

Houchin Blood Bank, Rotary, SDD Track Meets, the American Cancer Society's Relay for Life, NAPD, the Kern Community Foundation, Kern EDC, CASA, STEPS, and they also sponsor two families every year in conjunction with the Christmas Adopt-a-Family program! The partners individually support different organizations, such as BARC, the American Lung Association, Cooks of the Valley, United Way of

Kern County, and the YMCA.

Specializing in industries that span agriculture, special districts, medical, dental, and other professional services, employee benefit plans as well as individual clients, Barbich Hooper King Dill Hoffman Accountancy Corporation has the tools and expertise to help with any accounting needs. Tax planning and compliance, financial reporting, auditing, estate planning, controllership services, and litigation support, amongst others, are all available to their clients. They look forward to offering even more services in the future to better meet the needs of existing clients and future clients by providing peace of mind in an increasingly complex world.
